## RESOLUTION 87-2

WHEREAS the Dawson County communities of Cozad, Gothenburg and Lexington individually and collectively are exploring the possible benefits to be derived from an efficiency study conducted by an independent consultant concerning governmental procedures and operations; and

WHEREAS the cities of Cozad, Gothenburg and Lexington have concluded that Dawson County is a necessary and requisite party to the study for the reason that anticipated results will involve recommendations concerning consolidation and jurisdictional duplication; and

WHEREAS funding of the proposed study must be agreed upon and acceptable to all necessary participants,

NOW THEREFORE BE IT RESOLVED by the Mayor and City Council of Gothenburg that the City of Gothenburg will be obligated for and pay an equitable share of the study cost contingent upon Dawson County participating in the study.
