

Leaf Pickup

Thank you.

City of Gothenburg

Leaf Pickup typically starts the first week in November and finishes by the end of November.

Please rake leaves into the street **3 feet beyond the curb** to ensure the leaves in front of your home will be picked up. This also allows for drainage along the curb for rain or snow.

Those residents wishing to haul their own leaves may take them to the Tree Lot on west 4th Street.

GRASS and TREE LEAVES Only!
